The Hilton Leader-in-Training Program:

At the Hilton Family of Hotels, nothing is more real than your future. That's why we introduced the Hilton Leader-in-Training Program. It's a management training program in one of our full service (six to eight months), focused service (five to six months) or vacation ownership (eight to ten months) properties designed to help you get on the fast track towards a rewarding hospitality career.

Here's How It Works:

Once accepted into the Leader-in-Training Program, we will get you started on the right foot by having you attend Hilton's Corporate Leader-in-Training Orientation. This is a unique opportunity to meet with top decision makers, be introduced to the company's culture and vision, and learn about our future growth.

Once you start at your hotel, you'll spend the first half of the program rotating from one area of the hotel to another to get a feel for the entire operation. During the second half, you'll focus on a specific area of specialization. The areas of specialization include, but are not limited to:

- Finance
- Food and Beverage
- Front Office
- Human Resources
- Housekeeping
- Sales
- Revenue Management
- Event Services

After successful completion of your program and satisfactory performance, you may be considered for entry-level management (or equivalent) positions within your area of specialization.

The Hilton Family
